

Notes on Native Indian Prophecies by William Shepherd*hopiprophecy.doc*

There are approximately one million native americans in Canada and two million in the USA. Before Columbus arrived there were five to ten million...about the same population as England at the time...and they spoke over 500 languages. Whilst wars or massacres killed large numbers, what mostly decimated them were European diseases, to which they had little immunity. Ninety percent¹ may have died from early contact with Europeans, sometimes even before Europeans reached them. Despite ethnic cleansing on this, at the time, unprecedented scale, native americans managed to retain access to a small fraction of their original lands...despite bribery, corruption and unequal compromises. Small groups of indigenous peoples succeeded in maintaining their traditions and are now calling to the dominating culture to heed their prophecies. In Central and Southern America the picture is much the same.

A Hopi Elder Speaks

You have been telling the people that this is the Eleventh Hour, now you must go back and tell the people that this is The Hour. And there are things to be considered...

Where are you living?
 What are you doing?
 What are your relationships?
 Are you in right relation?
 Where is your water?
 Know your garden.

It is time to speak your Truth.
 Create your community.
 Be good to each other.
 And do not look outside yourself for the leader.

*Then he clasped his hands together, smiled,
 and said,*

This could be a good time!
 There is a river flowing now very fast.
 It is so great and swift that there are those who
 will be afraid.
 They will try to hold on to the shore.
 They will feel they are being torn apart and
 will suffer greatly.
 Know the river has its destination.

The elders say:

We must let go of the shore, push off into the middle of the river, keep our eyes open and our heads above the water.

And I say:

See who is in there with you and celebrate. At this time in history, we are to take nothing personally. Least of all ourselves. For the moment that we do, our spiritual growth and journey comes to a halt. The time of the lone wolf is over. Gather yourselves! Banish the word struggle from your attitude and your vocabulary. All that we do now must be done in a sacred manner and in celebration. We are the ones we've been waiting for.

Excerpt from Hopi Prophecy<http://www.welcomehome.org/rainbow/prophecy/hopi1.html>

The *Fourth World* shall end soon, and the *Fifth World* will begin. This the elders everywhere know. The Signs over many years have been fulfilled, and so few are left. These are the Signs that great destruction is coming. The world shall rock to and fro. The white man will battle against other people in other lands - with those who possessed the first light of wisdom. There will be many columns of smoke and fire such as *White Feather* has seen the white man make in the deserts not far from here. Only those which come will cause disease and a great dying.

Many of my people, understanding the prophecies, shall be safe. Those who stay and live in the places of my people also shall be safe.

Then there will be much to rebuild. And soon - very soon afterward - Pahana will return. He shall bring with him the dawn of the *Fifth World*. He shall plant the seeds of his wisdom in their hearts. Even now the seeds are being planted. These shall smooth the way to the Emergence into the *Fifth World*.

First Sign:	We are told of the coming of the white-skinned men, like Pahana, but not living like Pahana men who took the land that was not theirs. And men who struck their enemies with thunder.
Second Sign:	Our lands will see the coming of spinning wheels filled with voices. In his youth, my father saw this prophecy come true with his eyes.
Third Sign:	A strange beast like a buffalo but with great long horns will overrun the land in large numbers. These <i>White Feather</i> saw with his eyes.
Fourth Sign:	The land will be crossed by snakes of iron.
Fifth Sign:	The land shall be crisscrossed by a giant spider's web.
Sixth Sign:	The land shall be crisscrossed with rivers of stone that make pictures in the sun.
Seventh Sign:	You will hear of the sea turning black, and many living things dying because of it.
Eighth Sign:	You will see many youth, who wear their hair long like my people, come and join the tribal nations, to learn their ways and wisdom.
Ninth Sign:	You will hear of a dwelling-place in the heavens, above the earth, that shall fall with a great crash. It will appear as a blue star. Very soon after this, the ceremonies of my people will cease.

The signs are interpreted as follows:

The First Sign is of guns.

The Second Sign is of the pioneers' covered wagons.

The Third Sign is of longhorn cattle.

The Fourth Sign describes the railroad tracks.

The Fifth Sign is a clear image of our electric power and telephone lines.

The Sixth Sign describes concrete highways and their mirage-producing effects.

The Seventh Sign foretells of oil spills in the ocean.

The Eighth Sign foretells the exponential interest of western-schooled youth.

The Ninth Sign may be a space station crashes due perhaps to the sun's activity

Red Elk Speaks

"I do not represent any Indian nation. I represent only the *Inner Heyoka Society*. Our orders do not come from man, but from the Creator only. In so doing, many traditional ways are 'stepped on'. If anyone has a complaint, go to the Creator and tell him. I will continue to do what I and the others are ordered..."

A Grandfather Speaks Of Possible Futures

"Trying to live a spiritual life in modern society is the most difficult path one can walk. It is a path of pain, of isolation and of shaken faith, but that is the only way that our Vision can become reality..."

I Hereby Challenge The Elders

Monday, 24 May 2004, 8:16 a.m.

"I Darrel Whitewolf, elder of Cherokee decent, with this powerful message, hereby challenge the elders of all native nations. I hereby petition for the immediate release of sacred information to all humanity concerned for the immediate future of their families and loved ones..."

End of Time

The 'end of time' window has been verified by *Mayan Council* and it began on October 24, 2007. This is the first time in over 500 years that the *Mayan Council* has spoken on the 'end of time'...the beginning of a new age.

A total loss of magnetosphere will signal a magnetic pole reversal which will signal a physical pole shift 16 to 17 degrees into Russia. It will take approx. 20 hours and the world will be in total darkness for 30 hours.

Maya are preparing for the 13 crystal skull ² ceremony...one for every thousand years since the last pole shift. The first crystal skull was made pre-shift by the Atlantians and twelve since made by the *Maya* (post-shift Atlantean priests and peoples).

Atlantean culture comprised of three rings (three spheres).

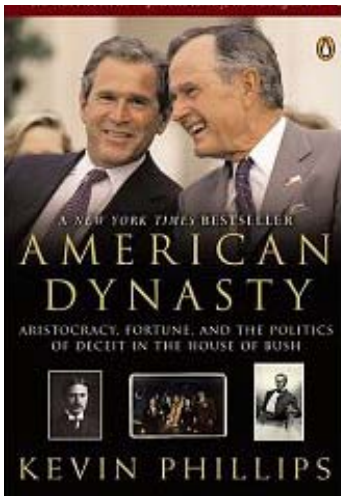

- External ring were large body of population.
- Middle ring was *Maya* priests.
- Center ring were the enlightened that came from the stars.

Maya served as gateway communication between outer and center ring. The *Maya* say that technology is not the sign of an advanced civilization but may be the sign of a civilization about to advance. *Maya* have been through many pole shifts and are preparing for the next. This could happen at any time.

The Blue Star Prophecy (2004)

The new sun will appear as a normal star that gets brighter and brighter in the southwestern sky until it begins to pulse yellow, attracting then attention of the entire world. Then people will begin to notice that this new star is moving slowly in the heavens and that it begins to pulse red as violent explosions are seen on its surface. When the star has moved to where it appears overhead on the North American continent, it will pulse blue and white and blue rays of fire will be seen emanating from the surface. Eventually the star will be totally blue and people will be able to see in the night by the light of the new blue sun.

The new blue star will awaken soon and will bring a change greater than any event in recorded history. Attitudes about everything will change abruptly as people realize that most of what they are working towards amount only to nonsense and is a waste of their time and energy. It's about spiritual evolution and perhaps physical evolution too. Most people will reject the blue sun and stay with the red/yellow spectral colors. Those who are more awakened will be drawn to the blue sun. Reality will then split - the few who have divested themselves of the drama here and have worked on the consciousness of being will follow the blue sun and end up on an Earth that is love based. The vast majority who are still fighting right/wrong will stay with the yellow/red world and continue to experience the karma created by fighting and get to see the ultimate death and devastation of an Earth going through apocalyptic changes.

The big blue sun will be very apparent to everyone that a major change is underway. Some people, particularly people who have a lot of power now, are dreading this event and are trying to stave it off; which will prove useless and completely futile. This is about an end to slavery, lies, and hierarchical systems which no longer serve the best interests of organizing humanity. The people who are in charge now would do well to start mending their ways, rather than building bunkers to hide in. Nobody will be hidden from anything. There's no reason at all to be afraid, and no 'preparations', like stocking up food and such are needed. None of that will matter. What would be a good idea is that if anyone here is living in a way that they know is wrong, that they stop doing so today. Don't wait until you are called on the carpet to change your life, do it on your own.

The Skulls

Patricia Mercier remarks that "...someone else appears to have a vested interest in the End Times,"³ and she continues:

"In 2006 George Bush, the US President, spent a day at Chichen Itzá. The whole place was cleared of tourists for his private visit. More recently he went to Uxmal in Yucatán and Iximché, 30 miles west of Guatemala City. Iximché, from the words Ixim (maize) and ché (tree) was the main city of the Cakchiquel Maya people reaching its zenith at a post-Classic time when the Maya culture was very much in decline. The visit took place on 12 March 2007, on the day that falls almost in the centre of the *Tzolk'in* calendar. Named Twelve *Toj* in Kiché Maya language, it is interpreted by their day-keepers as related to the element of water, the power of the moon and *the day to make payment of karmic debts.*" [the author's italics].

² One-term US President George Bush the Elder, a former head of the *CIA*, and his son, President George Dubya Bush are members of a secret society at *Yale* known as *The Skulls*, who feature in many *New World Order* conspiracy theories.

The Myth of the Elect

Christian Fundamentalists...including the Southern Baptists, the sect which has attracted the adherence of the Bush family...set great store by the *Book of Revelations* at the end of the *Christian New Testament*, where St John the

Divine's prophecies are interpreted to mean that an elite cadre of 144,000 persons will survive *Armageddon*.

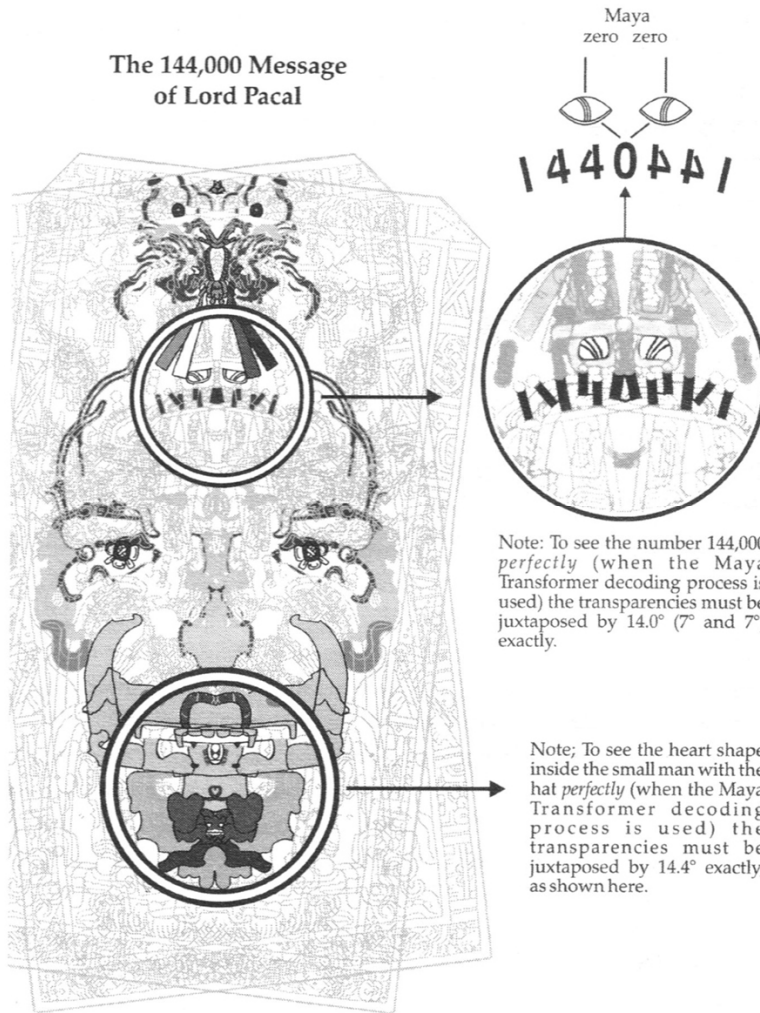

The *Christians* have no special claim upon this number as it occurs in many world religions. In the calendars of the *Maya*, for instance, a Baktun⁴ is made up of 144,000 days. There is a good reason for this. It is the speed of light.⁵

The 144,000 is not a divine quota system stamped on the foreheads of the good guys in some bizarre reversal of the numbering of inmates in Nazi concentration camps, but a reference to those who radiate light from their foreheads, something which the purified in all religions throughout history are depicted as doing.

The picture to the left is taken from *The Celtic Chronicles* by Maurice Cotterell (2006, Celtic Press, Timoleague, West Cork, Ireland). Here is his commentary:

'In the bible those with 144,000 written on their foreheads represent the chosen few who will enter the Kingdom of Heaven. In this decoded picture, from the *Amazing Lid of Palenque*, Lord Pacal carries the number 144,000 on his forehead (above, top, circled) only when one transparency is inverted and overlaid

on to the other, juxtaposed by 7° and 7° (7,7). The perfect heart shape, contained within the composite picture of the small man with the hat (bottom, circled) can be completed only when the transparencies are each juxtaposed by 14.4° (7.2° and 7.2°). These messages taken together tell us that only the pure of heart radiating pure white light will become like Lord Pacal.'

⁴ The *Maya Long Count* is based upon cycles of days as follows: 1 kin = 1 day; 20 kins = 1 uinal (20 days); 18 uinals = 1 tun (360 days); 20 tuns = 1 katun (7,200 days); 20 katuns = 1 baktun (144,000 days); 20 baktuns = 1 pictun (2,880,000 days); 20 pictuns = 1 calabtun (57,600,000 days); 20 calabtuns = 1 kinchiltun (1,152,000,000 days); 20 kinchiltuns = 1 alautun (23,040,000,000 days). The present *Fourth Maya Creation* is set to end on 21 December 2012 after 5,125.36 of our Gregorian years upon completion of the 13th baktun.

⁵ For this calculation of the speed of light as 144,000 minutes of arc per second, and for other important (suppressed) insights such as the motive power of UFOs and the grid coordinate component of nuclear weapons, see the writings of Bruce L. Cathie: *Harmonic 33; Harmonic 695; The Pulse of the Universe; Harmonic 288; The Bridge to Infinity: Harmonic 371244; and The Harmonic Conquest of Space*. Maurice Cotterell remarks in *The Sacred Secret*, chapter 4 of *The Tutankhamun Prophecies*, that 'the efficacy of an independent scientist's research can be measured by the amount of interest shown by security forces and esoteric groups, on the one hand, and the disproportionate lack of interest shown by the orthodox scientific community to the work, on the other'. Cathie's home has been ransacked and bugged, his telephone routinely tapped, he and his family followed, their activities monitored and their mail interfered with. His work has also been ignored by the orthodox scientific community. This suggests that he might be onto something important. Maurice Cotterell makes the curious claim, for example, that Cathie's calculations imply that an atom bomb cannot explode until it is programmed with the exact geographical coordinates of its intended target with allowance for variations in the speed of light due to Cathie's 'earth grid effect'.
